### Area Witch Speaks Out

Enough is enough. They say, "Draw a line on September's caper and don't spill over the word, but just is going to do it anyway.

We are personally sick and tired of the bizarrest Satanists that have taken refuge in the town of Dillsburg. Which is more dangerous, man I ask you, atmosphere with toxic democratic weapons, bacteriologic bombs, and other "witty" paraphernalia, or Satanism that did not bother to make its appearance?

The latter has shown for all of us to behold the surrounding communities to look deeper into their problems and fast. Let's step back for a moment and remember who, could have happened had there been Salem with a camp on the mountain, a group of innocent people who are mistreated in Indian/Guatemalan methods, or Heaven forbid, a group of individuals who are unmolested at any one of the various New Age Units? Allow me to go further and set me his you where it hurts. What if a young of Girl or Boy Scouts had been camping on that mountain. What then?

Everyone is so upset that there may be Satanists in their midst, that they didn't even stop to think of how terrific this night would have become. How do we solve this problem? Say we have Democratic and Republican religions no longer exists and if practiced outdoors you are keeping your mouth watered because some fool thinks you are a Satanist!

We have heard all sorts of rumors this past year. The one that really was absolutely bizarre went like this. 'Did you know that the Satanists are going to build a mosque and they are looking for a virgin? Brother keep your daughter indoors!" Where does this stuff come from? It is good for for cartoons, but we are not living in New York City where moral crime has been reported.

What I would like to know is the following.

1. How did these kids get their hands on guns. Where were those parents?

2. How taught them to make Satanism?

3. They were in the act of committing murder! Is this what your children are involving into? Are we as parents, so blind that we have not have taught them that it is acceptable to take the life of another? If they commit murder, someone is to be injured, they should have called the police. THAT IS WHAT the Law Enforcement is for and it is why we pay taxes for our protection and the protection of our children!

4. What ADULT was ABUSED? Is graded upon children on? What responsibility in some adult started these rumors? The feeding of a child with our materials guessed name where does information that people are living unmolested.

There are all kinds of religions these days, most of them are peaceful and intellectually stimulating. If there are the that we should not, we should not be afraid to be confronted with confrontation such as was printed in the Banner.

Yes, we want the facts, but screaming "SATANISTS" in letters that are big enough to walk by themselves is not good for community morale.

One very misunderstood religion is WitchCraft, or Wicca. It is an old faith that has been pounded by the Christian churches for years so such a degree that truly-good delights in the mainstream idea of teaching the American public that it is evil and full of wicked people. In fact, Wiccan religion is very passive, filled with Earth loving people who do not sacrifice babies, or anything else for that matter and their beliefs are quite close to that of the American Indians or Shamanistic studies. For the information of the general public, Witches are recognized by the Federal Government and they may print WICCA on their dogtags to some branches of the Service. The Rosegate Circle of Rhode Island was the following charter recently. Unfortunately, all are either Witches or support us with the Satanists and creates a atmosphere of paranoia circumstances for peace loving people.

I bring this topic up because it has come to our attention that an Evangelical organization has been giving seminars to many of the teachers in our local school districts. From a hand-out produced by this organization, we have been horrified to read that they are giving out erroneous information. And what is astounding is under 'XII. PLAN OF ACTION TO HELP STUDENTS' items C says, "Be intelligently informed." This organization is telling our teachers that the Peace sign of the fingers is a Satanistic emblem. Go read Genesis you thirty and forty year olds, burn those Junior High and High School scrapbooks of yours, or you too could be accused of Satanism! Let's just make sure we put the right hat on the right person.

If the School System is truly interested in educating our teachers on Satanism and Witchcraft, Crime, they should contact a Law Enforcement Agency that has accurate information.

I'll end this article with a quote from the movie 'Dune'.

"Fear is the mind-killer."

Blessed Be.

## LEGAL

The Dillsburg Borough Planning Commission will hold a public hearing on April 4, 1990 at 7:30 p.m. in the Monaghan Presbyterian Church Fellowship Hall, 102 North Baltimore Street. The Commission will receive public input for consideration of a proposed Planned Residential Development known as Meadows Edge to be built on approximately 19 acres of vacant land located in the southeast corner of the Borough east of Gettysburg Street and west of the stateplane.

The developer expects to construct forty units on the tract which will be condominiums. Units will be contained in structures consisting of four to eighteen units per building.

A "Planned Residential Development" is defined as an area of land, controlled by a landowner, to be developed as a single entity for a number of dwelling units, or combination of residential and nonresidential uses. The development plan for which desire and correspondent in lot size, lot type of dwelling, or use, density or intensity of coverage and required open space to the regulations established at any one district created from time to time, under the provisions of a municipal zoning ordinance.

Any citizen of the Borough may attend the hearing to become acquainted with the project and to offer comments or testimony on the project.

Chairman
Dillsburg Planning Commission

## Student say books are not available

I am an eleventh grade student currently taking the high level American literature classes which two weeks ago my class began to read The Great Gatsby by F. Scott Fitzgerald, which is an easy requirered reading list. I was amazed to find that there weren't enough copies of the books for all the classes. Consequently, my classmates and I cannot take a copy of the book home to read and study. We spend day after day reading in class. In my opinion, this is not how a high level literature course should be conducted.

There are several other American literature classes which have a similar problem. They are reading Harper Lee's To Kill a Mockingbird. They were provided with enough copies of the book, but what they received were merely bundles of pages held together by rubber bands. The students had to take the time to put the pages in order. Some bought themselves copies of the novel because they felt what the school provided was unreadable.

I am writing this letter because I have found the administrators at the high school unresponsive in the past. Hopefully, the public will encourage the school board to spend more money to buy the books needed at the high school. I don't know a lot about budgets, but I understand that the district has a monetary reserve. I would think that this money would be available for a matter such as this.

Concerned,
Karl Knaub

## Dillsburg Borough Trash Collection

township engineer be authorized to conduct a safety survey of the unpaved section of the road.

At the March 20 board meeting, Supervisor Shelly explained that such a survey would not be feasible since there are no funds to pave the road. However, Shelly suggested that the township could improve the road by widening it, installing gutters for drainage, and applying heavier stone as the near future.

A resident reminded that supervisors of the gutter on Mumper Lane to Irmet of Monadale Cross.

Supervisor David Lauverure asked the gentleman to write to his state representative, since the problem is on a state road.

The supervisor also reminded him that Representative Bruce Smith will hold a public meeting at the township building on Tuesday, April 24. The public is encouraged to attend.

In other business, the supervisors approved the final subdivision plan for Alice R. Shaw. The two lot property is located along Nursery Road near Old York Road.

## Recycling badge

Flirt Senior Troop 1231 has been working on a recycling badge. They have learned a great deal about the problems of recycling our trash and would like to share some of that information with you.

1. The average American family produces about 100 pounds of trash every week.

2. Three million cans are abandoned in the U.S. every year.

3. An estimated 14 billion pounds of trash are dumped into the sea every year.

4. We are producing so much garbage that before long we'll need at least 500 new dumps each year.

5. Every three months the U.S. throws away enough aluminum to rebuild our commercial airfleet.

6. Over a billion cans are used to make disposable diapers every year.

7. In the U.S. about 70% of all metal is used just once and is then discarded.

8. If you're an average American 1/3 of your garbage is packaging you toss out immediately.

9. Americans buy fund throwaway 500 million disposable cigarette lighters every year.

10. How much garbage will you generate in your lifetime? About 600 times your adult weight.

Dillsburg now has a recycling center. Call Dezmler's at 432-0117. These facts were taken from a new book entitled 50 Simple Things You Can Do To Save the Earth. The Earth Works Group, Earthwoods Press 1989, Berkeley, California.

The Northern Senior High School Jazz Band will be hosting the 1st Annual Northern Jazz Festival on Saturday night, April 7th at 7:00 p.m. in the high school auditorium.
